How it works

NOW Teams Calling connects your Office 365 phone system so you can make calls to anyone anywhere.

COMBINING MS TEAMS AND YOUR NOW SERVICES INTO ONE

- + Contacts
- + Document sharing
- + Video & conferencing
- + Instant messaging
- + Free local calls
- + National calls
- + Mobile calls
- + International calls
- + DDI per user

DO MORE IN LESS TIME.

Combine voice and productivity apps in one workspace.

EASY TO USE.

No new tools to learn or have separate calling tools – simply switch on Microsoft Phone System.

OFFLOAD PBX MANAGEMENT.

Avoid the headaches of managing and supporting disparate on-site PBX's and a dedicated voice network.

END-TO-END EXPERIENCE.

Deliver a unified experience whether you're working in the office at home, or on the road.

STREAMLINE ADMINISTRATION.

Quickly manage scaling users and adding new phone numbers.

GET STARTED FAST.

Avoid long waiting times for equipment to get set up.

FREE LOCAL CALLING.

Reduce overall calling costs.

TEAMS ROOMS.

Grant physical spaces specific virtual collaboration and access permissions.
